INFORMATION AND CAREER GUIDANCE CELL (ICGC), DHING COLLEGE, DHING:

The Information and Career Guidance Cell (ICGC) was posthumously set up in the year 2001 in Dhing College. The Cell gave maximum significant in case of career guidance from various angles to the student communities of the institution in large scale. Without any proper guardianship nobody can stand, it is clear. Specially, the students of the colleges mostly busy on untoward feelings about one to another, it is really unconscious sentiments for a legal guardian found in many occasions. (The guardianship made parents in first position; secondly, the institutional teachers of various institutional levels; thirdly, old-aged persons, senior citizen of the neighbours and abroad and fourthly, administrative officials and good friends, SRI. SATYANATH BORA). The ICGC is very much important in this context. In the sense that the Dhing College is located in the heart of religious minority like Muslim, Bengali Hindus, Nepalis, etc. those born from poor in economy, maximum of them are illiterate, child labour force, underage marriage and superstitious. So, specially, the girls of that society may dominate them unlawfully. In this regard, the teacher's guidance is appropriate measure for upheaval of sentiments of the age group of 18 – 30.

The proper nutrition is made stable health conditions which perfectly responsible for all round development of the students. The surroundings likely poor farmers; so their child's health conditions and nutrition habits found not fruitful. Annually, a large number of students passed B.A., B.Sc. and B.Com. (from-2019) degree from this institution and subject to unemployed for many years; somebody never get chance to establish in life, it is more pathetic to us. I /We feel that our teacher guidance ship is poor, undoubtedly. A genuine our students may place in deputed positions by us as well as their own cost and merit. There are few example cited later on phase-wise.
