

DHING COLLEGE INTERNSHIP PORTAL

- 1) The **Dhing College Internship Portal** provides a **Student Registration Form** where students can apply to **five internship organisations** pre-listed by the college authority.
- 2) After registration, the college authority is responsible for **assigning a mentor** to each student and **selecting one internship organisation** from the five the student has applied to.
- 3) **Organisations** can also register themselves through the **Organisation Registration Form**. Additionally, for administrative convenience, the **college authority has access to an admin panel** where they can directly **add organisations, mentors, and students**.

Some screenshots of the Internship Portal are shared below for reference.
